Pediatric Accounts are automatically shut off at the age of 13 to comply with **Medical Records Access Act**, MCL 333.26261-MCL 333.26271. "Patient" means an individual who receives or has received health care from a health care provider or health facility. Patient includes a guardian, if appointed, and a parent, guardian, or person acting in loco parentis, if the individual is a minor, unless the minor lawfully obtained health care without the consent or notification of a parent, guardian, or other person acting in loco parentis, in which case the minor has the exclusive right to exercise the rights of a patient under this act with respect to those medical records relating to that care.. Paper copies of records consented for by the minor's parent/guardian can be obtain in the Health Information Management Department.

*Required Information – incomplete forms will not be processed.

Is there a different Health Application (App) that you would like your NOCH data contributed to? If yes, please provide the name of the Health App here:

NOCH has the ability to connect to 3rd party health applications using API (Application Programming Interface) technology. Many Health Apps are able to accept an API, and NOCH will work with the vendor of your choosing to evaluate connectivity. A NOCH representative will contact you using the information provided above to discuss your request.
